Re: EPA regulations (40 CFR 1037.150)

To Stephen Healy:

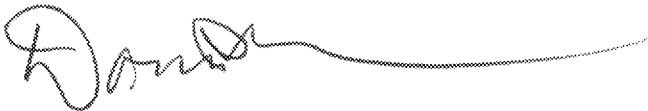

Thank you for forwarding information on small businesses building gliders.

Our company (NLI Sales, Inc.) meets the small business criteria listed in 40 CFR 1037.150 (c) and the small business criteria specified in 13 CFR 121.201. We are a small family owned and operated used truck dealer with a salvage yard, that also build gliders. We have about 20 full time employees, during peak season we might get to 30 employees, thus we are a small company. We started building gliders in 2014, we built [REDACTED] during that year. We built [REDACTED] in 2015.

NLI Sales, Inc is owned by Donnie R Newman, Sr & Jowainne Newman jointly. We are not affiliated with any other companies in Alabama or otherwise.

We would like to be able to continue to assemble gliders.

Sincerely,

Donnie R. Newman, Sr.  
NLI Sales, Inc.
